Resume

Graduated in Control and Automation Engineering from CEFET-MG (Federal Center for Technological Education of Minas Gerais) and certified by FGV (Getulio Vargas Foundation) and Rocketseat. I have 5 years of experience in the development field. I also worked as a statistics monitor at the Federal Center for Technological Education of Minas Gerais for 3 years and served as a Project Manager at "Rede Ciência Sem Fronteiras" (now known as "Em Rede").

I have experience with various programming languages, such as Javascript, Typescript, Python, Ruby, Java, PHP, and C#, as well as technologies and frameworks like React, Angular, Vue, Ember, Backbone, Preact, Django, Express, Spring, Ruby on Rails, Elixir, and Laravel.

During my time at the Federal Center for Technological Education, I served as a statistics monitor for 3 years and, at "Rede Ciências Sem Fronteiras," my main role was organizing foreign language learning projects, such as the Conversation Club and the English Class.
